

OVERSEAS AGENCY POLICY OF SYUKAKU RIKI

Power Harvest Co., Ltd

About overseas agency policy

40 JPY should be paid to first middleman and 10 JPY should be paid to second middleman.

Three first-level agencies in each country.

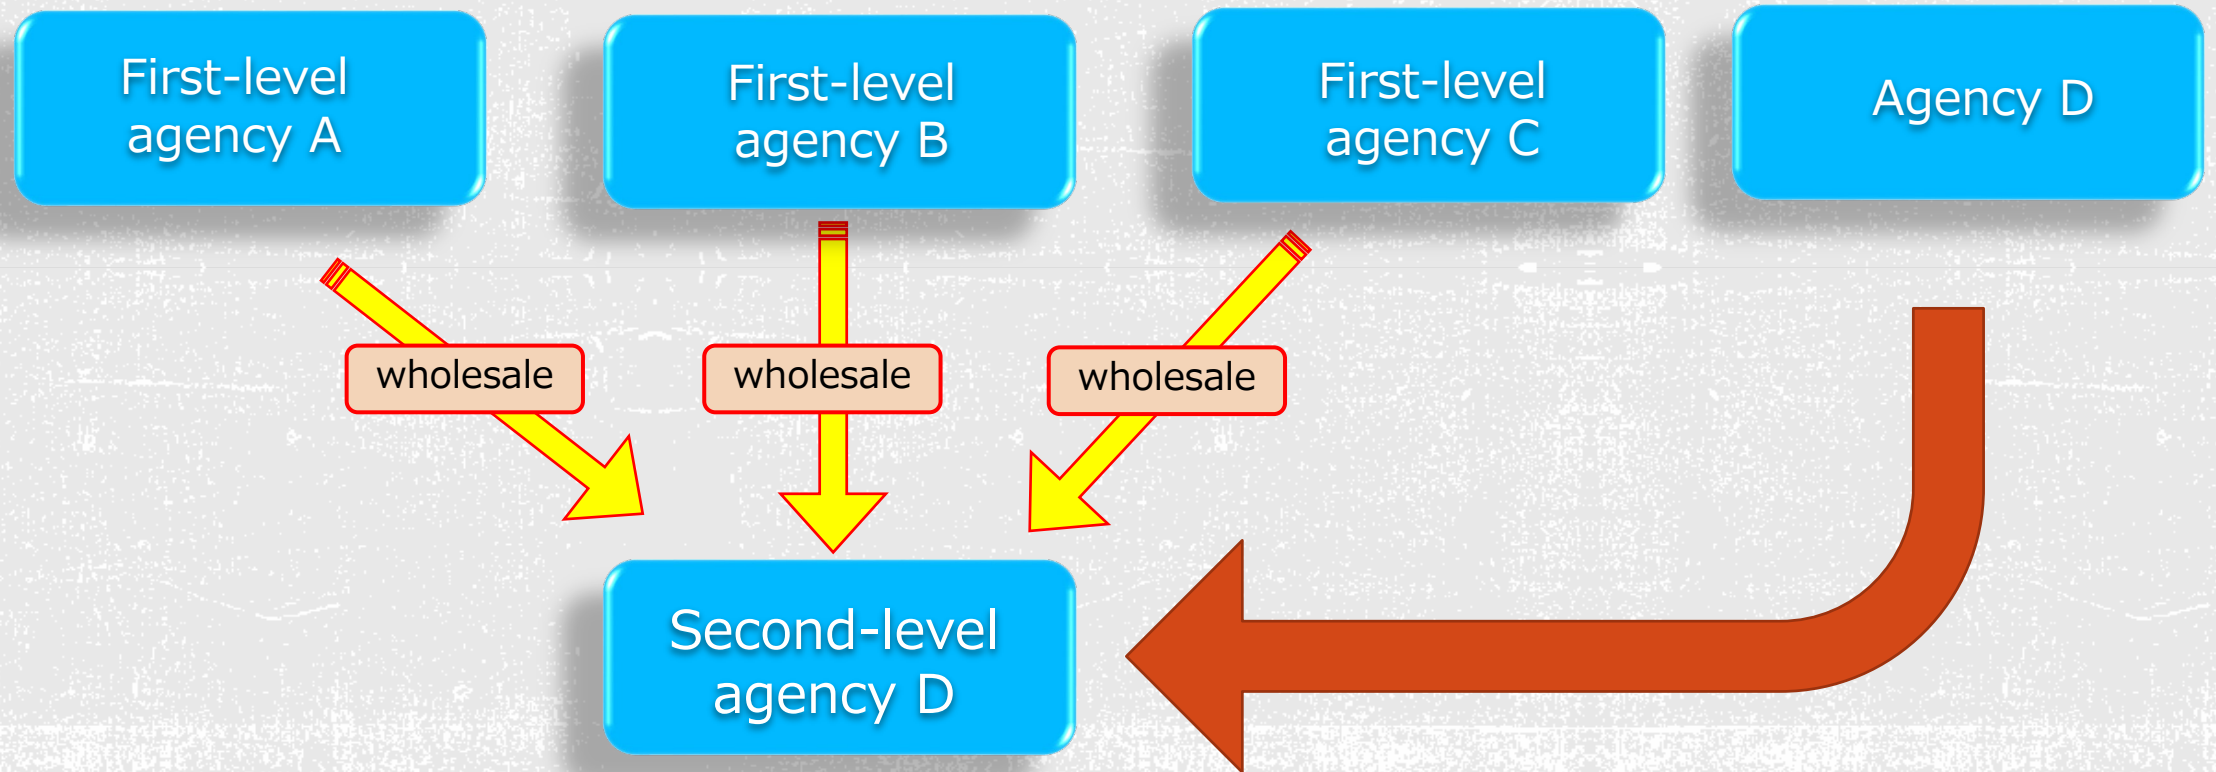

Conditions for becoming a first-level agency:

1. Place an order of 1 million dollars for SYUKAKU RIKI at first.
2. Complete 1 million of sales within two years from the beginning of the order.
3. Since the fourth year, more than 1 million of sales should have been completed every year.

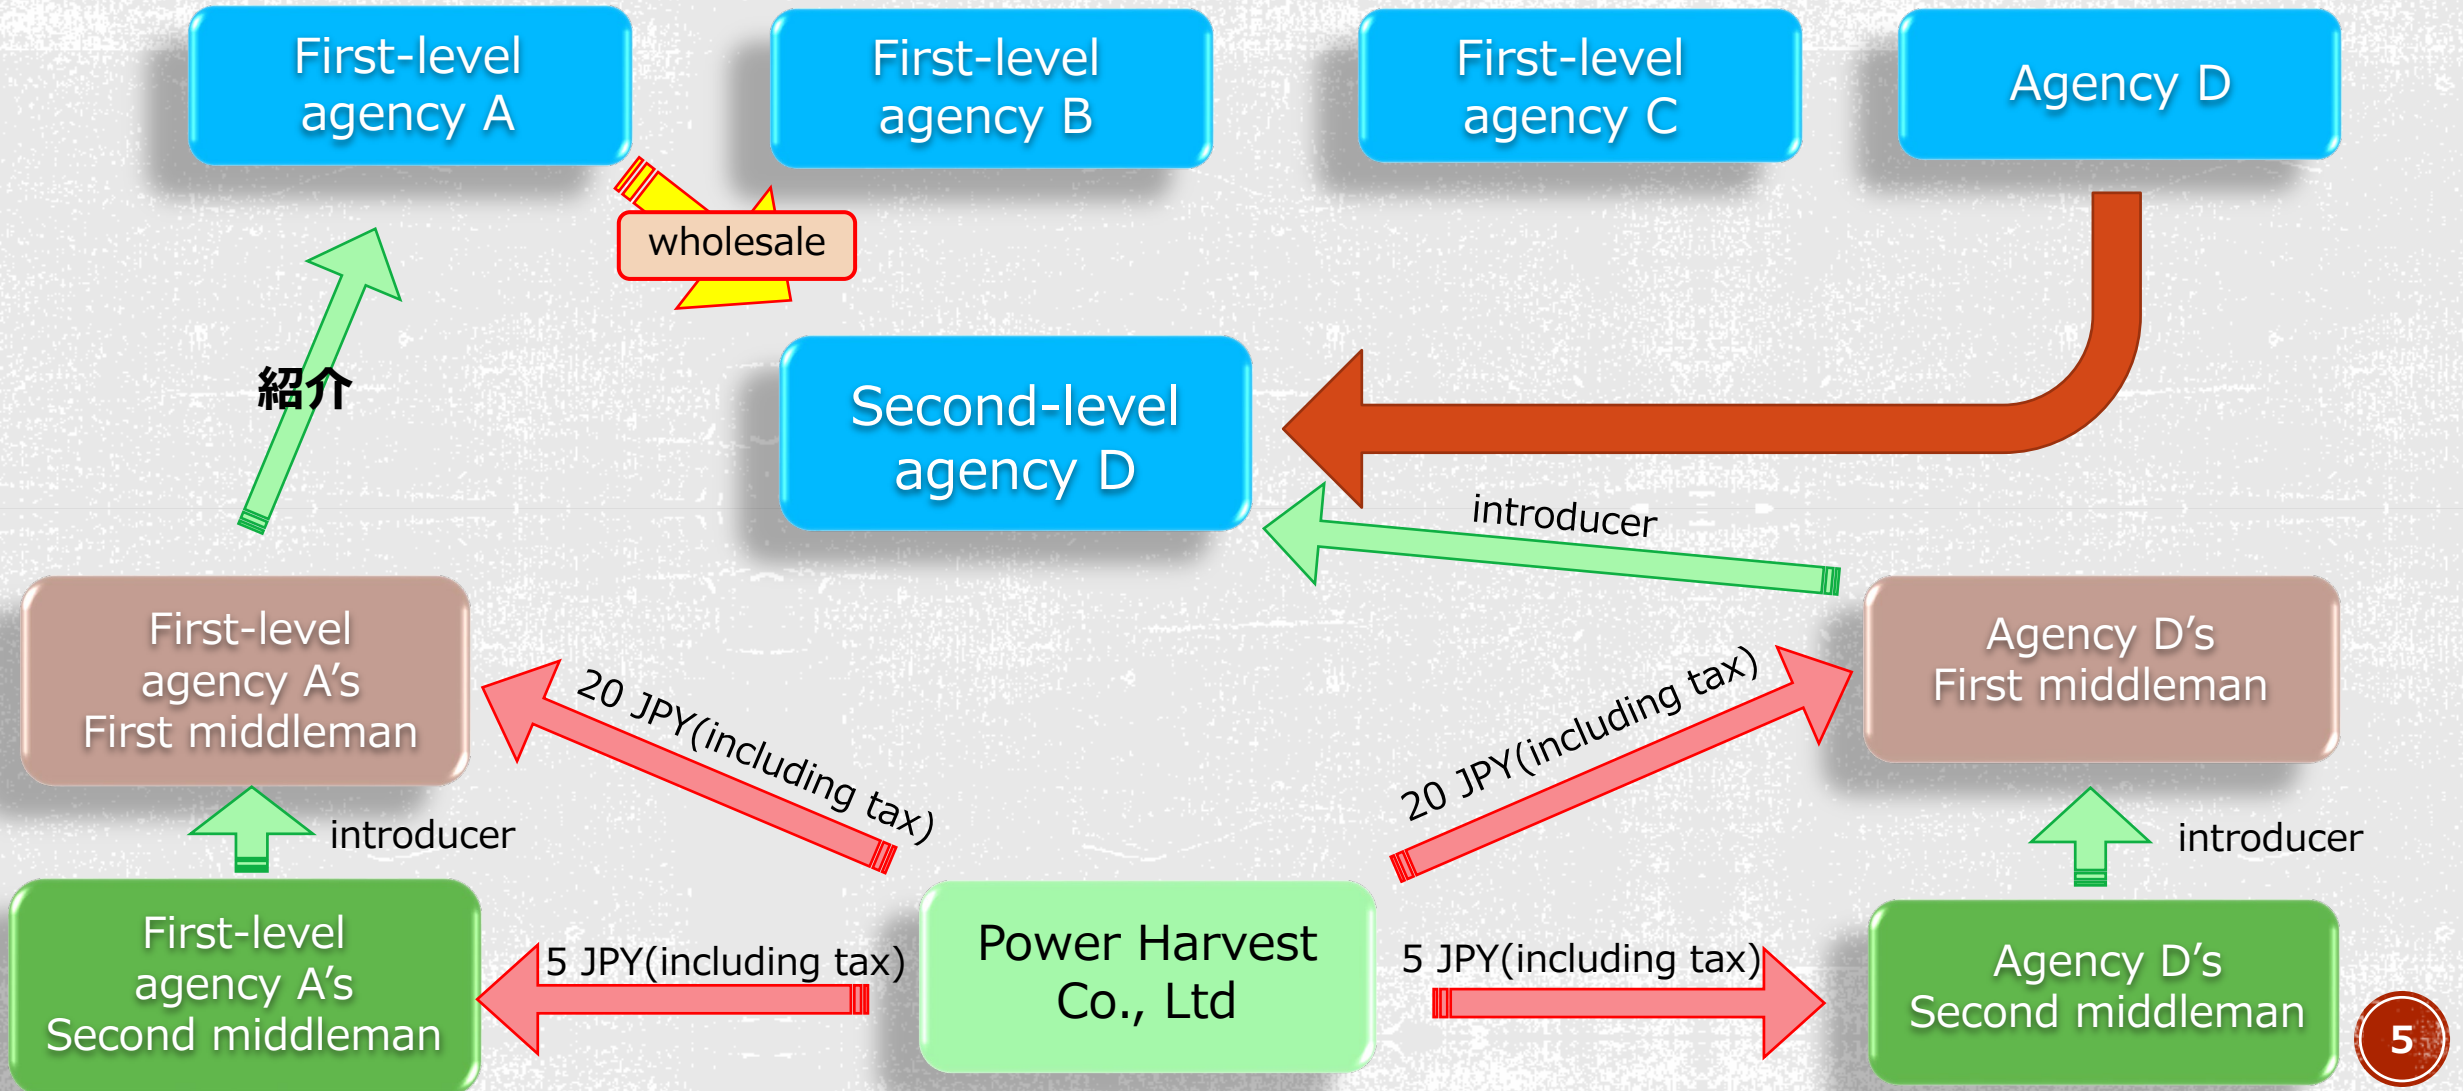

Three first-level agencies in each country.

When the number of first-level agency in a country reaches three, other agencies become the second-level agencies.

About the middleman's fee

Overseas agency policy is a system with low risk and high return.

In order to support the sales of overseas agencies, samples, transportation fees and handling fees sent overseas will be paid by the Power Harvest.

However, when using free samples for experimental cultivation, the experimental data need to be submitted to the Power Harvest. If no experimental data are provided within 3 months from the sending of free samples, we will ask you to pay for the samples(3600JPY/L without tax).

The way to conduct overseas business

- 1 Conduct zoom meetings between overseas support teams and local staff
Or set up a discussion group on LINE after zoom meeting.
- 2 Send samples to the Philippines
- 3 Carry out experiments locally
- 4 Submit intermediate report or data
- 5 Submit final report or data
- 6 Sign an agency agreement

Other agreements

- 1 The price of SYUKAKU RIKI should not exceed 1.2 times the average price of chemical fertilizer in this country. If it exceeds the price, you need to discuss with Power Harvest.
- 2 When customers in the Philippines contact the Power Harvest directly, we will ask them to contact the agencies.
- 3 All agencies cannot sold SYUKAKU RIKI to other countries. If this rule was violated, agencies will be disqualified.
